Preparing for College

Freshman Planning Calendar

Fall

- Plan your academic courses with college in mind. Remember that your official transcript will include your grades from 9-12th grades.
- Take the PSAT. It will be given at BCS in October to all 9th-11th grade students.
- Begin your resume. You'll need this information for college applications. It will be easier to keep up with the information as you go, rather than trying to remember later. Start a file now in your computer. List the activities by year and in the following four categories (the same four categories on the college application). See the "Applying to College" section in this handbook for more specifics.
 - Extracurricular Activities
 - Community or Volunteer Service
 - Talents/Awards/Honors
 - Employment/Internships/Summer Activities

Winter

- In December or January you will be given the PSAT test results at BCS. The test results are mailed to BCS, not your home. After you receive the test results, go to www.collegeboard.org, create your User ID and Password and complete the Student Profile if you haven't already. **You must keep this User ID and Password safe and remember it for all of your high school years.** After you have set up your account, go to www.collegeboard.org/quickstart and access the PSAT online Score Report and SAT test prep information. To access QuickStart, you must enter the access code printed on your PSAT Score Report. QuickStart is a free online personalized planning kit for all PSAT test takers. It presents the data in 4 main parts: (1) Online Score Report - an enhanced score report that allows students to review each test question, the student's answer and the correct answer with answer explanations. (2) SAT Study Plan - a customized SAT study plan based on their PSAT test performance, highlighting skills for review and practice. (3) College Matches - a starter list of colleges based on the student's state and indicated choice of major. (4) Major & Career Matches - major & career matches that are compatible with the student's general interests & personality type.
- Begin to think about your extra-curricular time. You will need a resume filled with activities, volunteer work, jobs, leadership positions, etc. for college. Think about where you can serve. Remember that you will need activities outside of church and school. Public universities want to see what you've done in the community, not only in your church and school. Keep a weekly/hourly record.

Spring

- Plan to take the most challenging courses you can next year.
- How are you going to spend your summer? Get a job, volunteer, attend an academic camp or one that fits your interests or possible future career goals.

Summer

- Look for an opportunity to do some job shadowing in the career you are interested in.

Sophomore Planning Calendar

October

- Take the PSAT. It will be given at BCS in October to all 9th-11th grade students.

November

- Update your resume. You'll need this information for college applications. It will be easier to keep up with the information as you go, rather than trying to remember later. Start a file now in your computer. List the activities by year and in the following four categories. See the "Applying to College" section in this handbook for more specifics.
 - Extracurricular Activities
 - Community or Volunteer Service
 - Talents/Awards/Honors
 - Employment/Internships/Summer Activities

January

- In December or January you will be given the PSAT test results at BCS. The test results are mailed to BCS, not your home. After you receive the test results, go to www.collegeboard.org, create your User ID and Password and complete the Student Profile if you haven't already. You must keep this User ID and Password safe and remember it for all of your high school years. After you have set up your account, go to www.collegeboard.org/quickstart and access the PSAT online Score Report and SAT test prep information. To access QuickStart, you must enter the access code printed on your PSAT Score Report. QuickStart is a free online personalized planning kit for all PSAT test takers. It presents the data in 4 main parts: (1) Online Score Report - an enhanced score report that allows students to review each test question, the student's answer and the correct answer with answer explanations. (2) SAT Study Plan - a customized SAT study plan based on their PSAT test performance, highlighting skills for review and practice. (3) College Matches - a starter list of colleges based on the student's state and indicated choice of major. (4) Major & Career Matches - major & career matches that are compatible with the student's general interests & personality type.

February

- Start looking at colleges. Check the "Internet Resources" in this handbook for sources to help you find a college. Identify the characteristics of a college that matter to you: size, how far away from home do you want to be, academics, majors offered, etc... College admissions requirements change each year, so look over the admissions requirements each year for changes.
- Plan official college visits. The BCS "College and Career" website lists official college visitation weekends.

March

- Check SAT and ACT Registration Deadlines for the May and June test dates. If you plan to attend a competitive four year university you may want to take the SAT or ACT in May or June of your Sophomore year.

April

- Plan to take the most challenging courses you can next year.

June

- How are you going to spend your summer? Get a job, volunteer, attend an academic camp or one that fits your future career goals. In what area is your resume lacking?
- Look for an opportunity to do some job shadowing in the career you are interested in.

Junior Planning Calendar

September

- Plan to take the SAT or ACT this fall. Registration deadline is usually one month prior to the test date so register now. Some colleges require specific SAT/ACT scores for automatic acceptance. If your SAT/ACT score is below your college's requirement, you may want to retake the SAT/ACT. Colleges take the highest composite score from one date. It is to your benefit to take the SAT or ACT in the fall in order to have the opportunity to retake it in the spring, depending upon your score.
- Get serious about your schoolwork if you haven't already.
- Continue looking at colleges. Check the "Internet Resources" in this handbook for sources to help you find a college. Identify the characteristics of a college that matter to you: size, how far away from home do you want to be, academics, majors offered, etc. College admissions requirements change each year, so look over the admissions requirements each year for changes.
- Plan official college visits during your Junior year. Many colleges plan "event" weekends in the fall of your Junior year. Check specific college websites for dates. The BCS "College and Career" website lists official college visitation weekends. Visiting the campus and participating in programs demonstrates an interest and commitment to the university. Add these visits to your resume. There will be a place on the application to put college visits.
- Talk to your parents about any limits – geographic or financial – they may set on where you attend college.
- Talk with your parents about how you will finance your college costs and how much they expect you to pay. Remember: A private school that seems more expensive on paper may actually be more affordable than a public school once you figure in financial aid.
- Students wanting to participate in Division I or II sports should start the NCAA certification process in their Junior year.
- Students interested in the military academies and the ROTC scholarship programs must begin the process in their Junior year.

October

- Take the PSAT. It will be given at BCS in October to all 9th-11th grade students. The Junior year score is used for National Merit Scholarship qualification.
- Have you considered your college major? What are you interested in? When you look at colleges you will want to look at those schools that are strong in your interest areas? Check the "Internet Resources" in this handbook for sources to help you identify a potential major or career interest.

December

- Update your resume. You'll need this information for college applications. It will be easier to keep up with the information as you go, rather than trying to remember later. Start a file now in your computer. List the activities by year and in the following four categories (the same four categories on the college application). See the "Applying to College" section in this handbook for more specifics.
 - Extracurricular Activities
 - Community or Volunteer Service
 - Talents/Awards/Honors
 - Employment/Internships/Summer Activities

January

- In December or January you will be given the PSAT test results at BCS. The test results are mailed to BCS, not your home. After you receive the test results, go to www.collegeboard.org, create your User ID and Password and complete the Student Profile if you haven't already. You must keep this User ID and Password safe and remember it for all of your high school years. After you have set up your account, go to www.collegeboard.org/quickstart and access the PSAT online Score Report and SAT test prep information. To access QuickStart, you must enter the access code printed on your PSAT Score Report. QuickStart is a free online personalized planning kit for all PSAT test takers. It presents the data in 4 main parts: (1) Online Score Report - an enhanced score report that allows students to review each test question, the student's answer and the correct answer with answer explanations. (2) SAT Study Plan - a customized SAT study plan based on their PSAT test performance, highlighting skills for review and practice. (3) College Matches - a starter list of colleges based on the student's state and indicated choice of major. (4) Major & Career Matches - major & career matches that are compatible with the student's general interests & personality type.
- If you hope to play a sport and may qualify for an athletic scholarship, contact coaches at colleges you're considering. Read the NCAA information provided in this handbook.

February

- Plan official college visits during spring break. Plan to visit while classes are in session if possible.

March

- Check SAT and ACT Registration Deadlines for the May and June test dates.
- If your colleges require SAT Subject Tests, sign up for those too. When you register for the tests, request that your test results be sent to your colleges.

April

- Plan to take the most challenging courses you can next year.
- Check SAT and ACT Registration Deadlines for the June test date. There are no test dates during July and August.

May

- AP exams are administered this month at BCS if you are taking an AP course.
- If you haven't already decided on a college, plan to visit colleges during the summer. Check the college's websites for tour information.
- How are you going to spend your summer? Get a job, volunteer, attend an academic camp or one that fits your interests or possible future career goals. In what area is your resume lacking?
- Begin working on the application essays if required. The essay topic(s) will be listed on the Apply Texas Application at www.applytexas.org. Check your college's requirements for essays.

June

- Do as much work as you can during the summer on selecting a college and determining what will be needed by your college for your application. The fall will be busy with academic courses, finalizing the application and sending it in.

July

- Look for an opportunity to do some job shadowing in the career you are interested in.
- Check SAT and ACT Registration Deadlines for the fall test dates if needed.

Senior Planning Calendar

August

- All Texas public colleges and universities accept the Apply Texas Application at www.applytexas.org. The application is not available online until August 1st. See the “Applying to College” section in this handbook.
- Work on the application essays if required. The essay topic(s) will be listed on the Apply Texas Application at www.applytexas.org. Check your college’s requirements for essays.

September

- Update your resume. You’ll need this information for college applications. It will be easier to keep up with the information as you go, rather than trying to remember later. Start a file now in your computer. List the activities by year and in the following four categories (the same four categories on the college application). See the “Applying to College” section in this handbook for more specifics.
 - Extracurricular Activities
 - Community or Volunteer Service
 - Talents/Awards/Honors
 - Employment/Internships/Summer Activities
- Order Graduation announcements and cap and gown from Balfour representative. He/she will come to BCS to take orders. You are not required to order announcements from Balfour; you are required to order the cap and gown from Balfour.
- If necessary, register to retake the SAT or ACT. Some colleges require specific SAT scores for automatic acceptance. If your SAT score is below your college’s requirement, you may want to retake the SAT. Colleges take the highest composite score from one date.
- If your colleges require SAT Subject Tests, sign up for those too. When you register for the tests, request that your test results be sent to your colleges.
- Review your final list of colleges.
- Check the application deadline for your particular college. You will find the deadlines posted on the www.applytexas.org website or the college website.
- Request your official high school transcript to be sent in with your application. Fill out a “Transcript Release Form” and turn into the Front Office. This form is found on the website and in this handbook. Fill in the college name and the College Admissions Office address on the release form. The school will then mail the transcript directly to the college. Allow one week for the transcript to be printed and mailed. Do NOT request the transcript at the last minute.
- If you have not made any official college visits, do so prior to submitting your application if possible. Visiting the campus and participating in programs offered at the college, demonstrates an interest and commitment to the university. Provide this visit information in your online application in the appropriate section.
- Check the Application deadlines for your colleges.
- If your college requires letters of recommendation, be thinking about whom you want to write one for you. Give that person a request in writing for the letter. In the letter let them know the date you need the letter by and the address to send it to. Give them a self-addressed stamped envelope addressed to the college. Allow the person at least one week to write the letter. Be considerate of others time, especially if you want them to say something nice about you.
- For schools with rolling admissions, the sooner you send in your application the better.

November

- Submit college applications by the deadline.
- If you applied early, verify that all your application materials have been received.
- Begin working on financial aid. Check with your college for any college specific scholarship application deadlines. Some colleges have online applications with December deadlines. Your college choice may accept the scholarship application that is available on www.applytexas.org. If your college does not accept the www.applytexas.org scholarship application, find out what is required from the college website.

January

- Get an electronic PIN in January of your Senior year. To sign your FAFSA electronically, both the parent and student need U.S. Department of Education PIN numbers. Apply at www.pin.ed.gov. See “Steps for Completing the FAFSA” in this handbook.
- Begin working with your parents on the Free Application for Federal Student Aid (FAFSA) form. Apply at www.fafsa.com after January 1st. See “Steps for Completing the FAFSA” in this handbook.
- Check into all local scholarships that you are eligible for. Deadlines for local scholarships are in March and April. The BCS College Counselor will have information on these local scholarships in January to distribute to Seniors. The Local Scholarship Handbook is updated annually and is located on the BCS website under “College and Career”. The Scholarship Application is also located on the BCS website.
- Verify that all your application materials have been received.
- Request your official transcript with your final first semester grades, if needed, to send off to your colleges. Fill out a “Transcript Release Form” and turn into the Front Office. This form is found on the website.

February

- Continue to look for sources of financial aid. Check the “Internet Resources” in this handbook for additional sources.

April

- By now you should have most of your decision letters. The national confirmation date is May 1, which is the time colleges will expect you to notify them of your intent to enroll or not. Note all reply deadlines. Decline offers of admission from remaining colleges. If you’ve been wait-listed, contact the admissions office to show interest.
- Study financial aid offers; you need to decide by May 1.
- If you have been accepted, have you applied for housing, parking permits, etc.?

May

- Check the dates for summer orientation. Make plans to attend the earliest one possible if class registration is involved.
- AP exams are administered this month at BCS if you are taking an AP course.
- Take a stamped addressed envelope to the Front Office before graduation so that your final transcript can be sent out after graduation to the college you are attending.

June

- Check due dates for tuition and housing.
- After class registration, request the list of required textbooks from the professors. Check out Internet sites to see if you can purchase or rent the textbooks used, online and at less cost.

College Admission Tests

SAT

Check the College Board website at www.collegeboard.org for information on SAT test dates, test sites and registration information. *Brazosport Christian School's Code is 443968.* Not all test dates are offered at all test centers. Check the website for specific dates the test is offered at the local testing centers.

Local SAT Testing Centers are

- Brazosport High School in Freeport, center code 44420
- Angleton High School, center code 44133
- Columbia High School, center code 44902

SAT Subject Tests

SAT Subject Test Dates can be found at www.collegeboard.org

ACT

Check the ACT website at www.actstudent.org for information on ACT test dates, test sites and registration information. Take the writing section even if it is optional. *Brazosport Christian School's Code is 443968.*

Local ACT Testing Centers are

- Brazoswood High School in Clute, center code 185450
- Angleton High School, center code 198330

Should I take the SAT or ACT?

All colleges, public and private, in state and out of state, accept either the SAT or ACT. Go to the BCS "College and Career" website for comparison information on the SAT vs the ACT.

Test Preparation

Following are some of the companies that offer SAT and/or ACT test preparation:

PSAT Quickstart	www.collegeboard.org/quickstart
SAT (free & for purchase)	www.collegeboard.org
ACT	www.actstudent.org
TOPCAT (free)	www.collegefortexans.com
Princeton Review	www.princetonreview.com
Kaplan	www.kaptest.com
Test Masters	www.testmasters.com
Sylvan	www.educate.com

Standardized Testing Definitions

PSAT/NMSQT (Preliminary SAT/National Merit Scholarship Qualifying Test)

This preliminary SAT is administered every October to 9th-11th graders at BCS. Results are useful in forecasting the student's future scores. The Junior year score is used for National Merit Scholarship qualification.

SAT

This test is similar to the PSAT in format and is designed to measure verbal, writing, and mathematical reasoning ability.

ACT (American College Testing Program)

Many colleges require the ACT for admission. The ACT is composed of four 35-question sections in the areas of English, math, reading, and science reasoning. The test is curriculum based, so ACT recommends students take it in June of their Junior year or in the early fall of their Senior year.

SAT Subject Tests

Some highly competitive colleges require up to three subject tests. These are offered on several dates; be sure to check the subject availability on each testing date in order to complete all tests required by the college. Not all subject tests are offered in the same sitting. Most colleges do not require these tests for admission, although many schools use these for placement.

AP (Advanced Placement) Tests

In May of each year, these examinations are given to students who have completed an AP course in high school. Often when a student scores at a certain competency level, the college will grant credit or advanced placement for that college course. Check college websites for specific information.

CLEP (College Level Examination Program)

The student may elect to take these subject matter tests where he will be enrolled. This is an exam offered in various subjects. If the student can demonstrate proficiency in the subject, he can receive college credit or advanced placement. Most students take CLEP exams at college orientation programs after high school graduation. The tests are completely computerized. Each college determines if, and how much, credit will be awarded by a CLEP exam. There are CLEP Prep books available for purchase. Check the website of the college you plan to attend for their requirements.

Choosing a College

National Collegiate Athletic Association (NCAA)

Many college sports are regulated by the National Collegiate Athletic Association (NCAA), an organization that has established rules on eligibility, recruiting, and financial aid. If students are applying to college and plan to participate in Division I or Division II sports, they must be certified by the NCAA Initial-Eligibility Clearinghouse. The Clearinghouse analyzes academic information and determines if students meet the NCAA's initial-eligibility requirements.

Specific academic and college entrance exam requirements for Division I and Division II sports can be found on the NCAA website at www.ncaa.org. When taking SAT/ACT, students should list the NCAA Clearinghouse site (9999) on the score reporting section in order for their test scores to be sent to NCAA. Official high school transcripts should be mailed to NCAA Eligibility Center, Certification Processing, P.O. Box 7136, Indianapolis, Indiana 46207-7136.

Students wanting to participate in Division I or Division II sports should start the certification process in the junior year.

Criteria for Narrowing the Choices

- Majors offered
- Extracurricular Interests
- Reputation and Quality
- Distance from Home
- Size of School
- Cost
- Support System for Spiritual Walk
- Community Service Opportunities
- Campus Ministry Organizations
- Visit Local Churches
- Faculty to Student Ratio
- Personal Attention
- Career Development Services
- Personal Preferences

College Visitation Days

The most current attendance policy for college visitation days can be found in the Student Handbook.

- Many schools have special weekend events and tours. Check the college's website for information.
- Allow sufficient time for a college visit, preferably a full day.
- Take a guided campus tour.
- Tour on a weekday when classes are going on. Visit classes and talk with students.
- Tour the housing facilities.
- Eat in the student's dining hall.

College Day Absence Request Form

Student's Name: _____

Date of Request: _____ Grade: _____

List ALL Teachers: _____

Date & Days of Planned Absence: _____

Name of College/University: _____

Name of College Event: _____

Note to Parents: If practical, the teacher will give you assignments prior to this requested absence. **This is at teacher discretion.** It is expected that the completed work will be turned in on the first day the student is back in school. Failure to do so may result in penalties being assessed for late assignments.

If the teacher is unable to give assignments to be completed during the requested absence, the student will be responsible for contacting appropriate teachers upon return to school and completing the assignments under normal excused absence procedure.

Tests, if they were announced prior to the dates of the above absence, will not be rescheduled for a later date due to this absence. If the student returns to school on the day of the test, he/she will be expected to take the test with the rest of the class. If the test is given during the student's requested absence, the make-up will need to be on the first day the student returns.

Parent's Acknowledgment

I understand the conditions under which this absence request is to be granted, and will insure that my child completes appropriate assignments and/or prepares for tests to be taken immediately upon return to school

Parent

Principal

Military Academies and ROTC Programs

Students interested in the military academies and the ROTC scholarship programs **MUST** begin the process in their Junior year to insure they receive the fullest consideration.

Write the specific academy to request a Precandidate Questionnaire:

Admissions Office
U.S. Military Academy
West Point, N.Y. 10996

Admissions Office
U.S. Air Force Academy
U.S.A.F. Academy, CO 80840

Admissions Office
U.S. Naval Academy
Annapolis, MD 21402

Admissions Office
U.S. Merchant Marine Academy
Kings Point, NY 10024

Write to each of your senators and your congressman asking for an application for a nomination. Indicate your first, second, third, and fourth choices for academies (e.g., Air Force Academy #1, Naval Academy #2 etc.) as well as providing the following:

Name, address, and telephone number
Date of birth
Social security number
High school name and year of graduation
Names of your parents

The Coast Guard Academy has a different admissions policy than the other academies but similar to other highly competitive colleges. There is no nomination process required. Write directly to the academy for an application:

Admissions Office
U.S. Coast Guard Academy
New London, CT 06320

ROTC scholarship programs involve a competitive application process as well. In addition to the written application, candidates must undergo a physical examination, formal interview, and a physical abilities test. The first step in the process is to write for an application:

Air Force ROTC/RRUF
Maxwell Air Force Base
Alabama 36112-6663

Army ROTC
Box 9000
Clifton, NJ 07015

Navy ROTC
Box 3060
Hyattsville, MD 20784

College Admission Vocabulary

Admissions

Regular Admission involves the usual application schedule for applying to schools in the late fall or winter and receiving an answer in the spring.

Rolling Admission reviews applications as they are received and notifies students within a few weeks.

Deferred decision postpones the decision on admission to be reviewed again at a later date.

Denial is the admission committee's decision to deny admission to that particular school. This decision may be appealed and overturned in some cases.

Wait Listing places students who were not accepted initially on a list for possible acceptance later.

Common Reply Date occurs May 1, the date by which candidates under regular decision must inform colleges of their intention to enroll. A deposit typically must be sent.

Double Deposit occurs when a student sends enrollment deposits to more than one college. This is **unethical** and damages relationships with the institution. **Do not do this.**

Open Admission is the policy whereby the school will accept anyone who meets the basic requirements.

Matriculation is the student's enrollment at a particular institution.

Transcript is the official record of a student's academic achievement. The final transcript after graduation records a student's completed courses, grades earned, GPA, cumulative numeric average, and credits earned. Official transcripts are forwarded to the college in a sealed, stamped envelope prepared by BCS.

College Types

College is an institution that offers educational instruction beyond the high school level in a two-year or four-year program.

University is an academic institution which grants undergraduate and graduate degrees in a variety of fields and which supports at least two degree-granting professional schools that are not exclusively technological. It is composed of a number of "colleges," each of which includes a general field of study such as College of Engineering.

Liberal Arts College is the four-year institution, which emphasizes a program of broad undergraduate education. Their curriculum is heavy in subjects that expose students to a broad spectrum of fields of knowledge in the humanities, social sciences, natural sciences, and religion.

Christian Colleges are often split into two categories, Christian liberal arts colleges and Bible colleges.

Christian Liberal Arts Colleges offer a liberal arts curriculum that includes an integration of the Christian worldview into classes, as well as Bible courses. These colleges are typically members of the Council for Christian Colleges and Universities (CCCU) www.cccu.org.

Bible Colleges serve as educational centers to help students become biblically literate, able to discern the truth, as well as capable servants in ministry. Most graduates enter ministry-related careers in churches, missions, and in a multitude of Christian parachurch organizations. These colleges are usually members of the Association for Biblical Higher Education (ABHE) www.abhe.org.

Community College is the two-year institution of higher education, which provides academic, career, and vocational curricula via a *terminal* and/or *transfer* program.

Terminal Program is complete in itself. A student who completes it may not be admitted to a four-year college without completing additional requirements.

Transfer Program is designed to lead into a four-year program at another college or university. The two-year graduate transfers as a junior to the four-year institution.

Military Academy prepares officers for the Air Force, Army, Navy, Merchant Marines, or Coast Guard. All but the Coast Guard Academy require recommendations and a nomination from a U.S. Senator or U.S. Representative. Upon completion of each academy's four-year program, a student earns a college degree.

Applying to College

- All Texas public universities accept the Apply Texas Application at www.applytexas.org. Institutions prefer that you apply online. The Application is available online August 1st.
- Go to the Apply Texas Application website at www.applytexas.org and click on “Create Your Account Now”. You can create your profile prior to August 1st. **REMEMBER YOUR APPLICATION ID NUMBER AND PASSWORD.** When you submit a completed application or save a partial application it will be assigned a unique ID number; you also will be asked to provide a password of your choice. Both the application ID number and your password are required to retrieve an unfinished application, resubmit your application to another university and submit essays. **DO NOT LOSE** your user name and password or you won’t be able to access your application.
- In order to view the application in advance and be able to print it out, go to www.applytexas.org. Under “Apply Online” at the top, click on “Preview the 2016-17 applications” and click on “U.S. Freshman Application Plus Freshman Scholarships”.
- Check the application deadline for your particular college. You will find that on the www.applytexas.org website or the college website.
- After August 1st, go to www.applytexas.org and fill out the application. Fill out as much information as you can on each page. Save the page. Continue to the next page and complete as much information as you can. Save that page, etc... You can go back to a saved page and add more information later. You will need information from your parents for some of the application.
- The online application is divided into 3 sections: Admissions, Scholarships & Essays
- You can choose multiple colleges for the application to be sent to.
- You will be asked to choose a first and second choice of a major. Make this decision very carefully. Some majors or “schools” fill up early (example: School of Business, School of Engineering) so if you change your mind or apply late, you may not get the major of your choice. Check out the degree plans for each major on the college’s website to see if that major is a good match for you. If you are a poor Math student and the major you choose requires a lot of math, you may want to rethink your decision.
- You will be asked for your High School Code. It is 443968.
- You will be asked “To determine TEXAS Grant eligibility, will you graduate from a Texas public high school with the Recommended or Advanced High School Program? The answer is “yes” if you are graduating with more than the minimum requirements.
- You will be asked for the exact titles and credit values of high school courses you are taking during your senior year. If you don’t have this information, request an unofficial transcript from the front office. The transcript will list this information.
- “Activities” section. This is the “Resume” that I refer to in this handbook. Provide information in all of the four categories listed. Please list, in priority order, the organizations, activities, jobs, and internships that indicate your special contributions, talents, honors and abilities in the areas of extracurricular activities, service and work. Include service and work done in the summer. Please spell out the names and describe the organizations in which you have participated. After the following examples, I’ve provided a worksheet for you to fill out with your information. Do not submit a paper resume. Online resume information is required for scholarships.

- Extracurricular Activities – sports played including positions held (captain), offices held in clubs, whether elected or appointed, year served (9th - 12th), description of activities, hours spent per week and per year (Example: 3/32 = 3 hours per week for 32 weeks). Examples: basketball team, cheerleader, Student Council, Class Officer, NHS, etc...

Organization/Activity	Varsity Basketball
Hrs per week/weeks per year, Freshman	15/13
Position Held	Team Captain
Elected to Position?	No
Organization/Activity	Varsity Football
Hrs per week/weeks per year, Freshman	15/17
Position Held	
Elected to Position?	
Organization/Activity	Student Council
Hrs per week/weeks per year, Freshman	2/36
Position Held	Representative
Elected to Position?	Yes
Organization/Activity	Cheerleading
Hrs per week/weeks per year, Freshman	8/17
Position Held	Head Cheerleader
Elected to Position?	Yes
Organization/Activity	
Hrs per week/weeks per year, Freshman	
Position Held	
Elected to Position?	

- Community or Volunteer Service – name of organization, dates served, total hours served. Examples: Pregnancy Help Center, Habitat for Humanity, mission trips, etc...

Place of Service	Mexico mission trip
Description of Service	Helped build a school
Total hours	60
From mm/yyyy	06/2010
To mm/yyyy	06/2010

- Talents/Awards/Honors – sports awards, cheerleading awards, musical ability, academic honors including TAPPS, or any type of awards or certificates received. Include description of honor received, year received (9th - 12th), include Region if applicable (Area, Regional, State, etc.) Examples: TAPPS State Competition, 2nd place in Advanced Math; Who's Who Among American High School Students, National Merit Scholar, sports awards (if you made the Area, Regional, or State team), etc...

Award, Honor, Distinction	1 st Team All District
Description, Basis, Sponsor	Basketball
Years (Fr, So, Jr, Sr)	Jr
Level	District
Award, Honor, Distinction	Varsity Football
Description, Basis, Sponsor	Lettered
Years (Fr, So, Jr, Sr)	Fr
Level	District
Award, Honor, Distinction	TAPPS Speech Competition
Description, Basis, Sponsor	2 nd in State in Poetry Division
Years (Fr, So, Jr, Sr)	Sr
Level	State

- Employment/Internships/Summer Activities – jobs, camps or internships that indicate special interests, abilities, challenges, or achievements. Indicate the name of the employer or sponsor, your specific role or job title, dates, and hours per week. Examples: foreign exchange program, National Youth Leadership Program, leadership camps or programs, etc...

Specific role/job title	Salesperson
Employer	Bucee's
Hours per week	15
From mm/yyyy	5/2010
To mm/yyyy	8/2010
Specific role/job title	Mow lawns
Employer	Self-employed
Hours per week	10
From mm/yyyy	5/2008
To mm/yyyy	8/2010

- STUDENTS, DO NOT SUBMIT THE APPLICATION UNTIL YOUR PARENT has had a chance to review the application and make sure it is complete. DO NOT SUBMIT AN INCOMPLETE APPLICATION.

From mm/yyyy	
To mm/yyyy	

Essays

- Look at the essay topics at www.applytexas.org and begin to think about what you are going to write about. The questions typically aren't all that hard to answer. The process is

just time-consuming. Start several weeks in advance and allow the essay to develop over time. Start on your first draft of the essay. Essays should be a minimum of 250 words and a maximum of 500 words. It should not be over 2 pages. Check on the specific requirements for essays of the college you are applying to. Check on the college's website under "Admission Requirements". Check the web site at www.applytexas.org to see if your college or university requires an essay as part of the application.

College Admission Test Scores

- If you took the SAT, go to www.collegeboard.org and make sure you had your SAT scores sent to the college you are applying to. If you took the ACT, go to www.actstudent.org and make sure you had your ACT scores sent to the college you are applying to. If you have not already taken the SAT or ACT, REGISTER NOW. If you are planning to play Division I or II sports, have your test scores sent to NCAA.

Letters of Recommendation

- If Letters of Recommendation are not required, do NOT send them unless the letters describe something NOT already in the application. If Letters of Recommendation are required, be thinking about who you want to write one for you. Give that person a request in writing for the letter. In the letter let them know the date you need the letter by and the address to send it to. Give them a self-addressed stamped envelope to the college so they can mail it in. Allow the person at least one week to write the letter. Be considerate of others time, especially if you want them to say something nice about you.

High School Transcript

- Request your official high school transcript to be sent to the colleges you are applying to. Transcripts should be mailed AFTER the online application has been sent. Fill out a "Transcript Release Form" and turn into the Front Office. This form is found on the website. Fill in the college name and the College Admissions Office address on the request form. If you use applytexas.org to apply, print out the "Document ID sheet" and submit it with your "Transcript Release Form". The Document ID sheet is not mandatory but helps your application to be processed faster. The school will then mail the transcript directly to the college. Allow one week for the transcript to be printed and mailed. Do NOT request the transcript at the last minute.

BCS Transcript Release Form

I give permission to Brazosport Christian School to release my official transcript to the college/university listed below.

Student's Printed Name

Student's Signature

Graduation Year

Date of Request

College/University & Mailing Address

Deadline to be received at College/University (if applicable)

College/University & Mailing Address

Deadline to be received at College/University (if applicable)
(Deliver this form to the Secondary Office or email to jtravis@1bcs.org)

Financial Aid

Financial aid comes in several types: grants and scholarships, work-study, and loans.

Applying for Financial Aid

- Your college choices may accept the scholarship application that is available on www.applytexas.org. You must have filled out your college application on www.applytexas.org. If so, continue filling out the information required at the end of your college application on www.applytexas.org. Filling out the application portion does NOT mean the scholarship portion is automatically filled out and submitted.
- If your college does not accept the www.applytexas.org scholarship application, find out what is required from the college website.

Grants

The federal and state government offer several grants based on financial need. Grants do not have to be repaid. The FAFSA must be filed for all grant applications.

Scholarships

Colleges, corporations, and philanthropic organizations provide free money to students based on specific criteria. Scholarships do not have to be repaid.

University Scholarships – awards based on academic merit (outstanding SAT/ACT test scores, high GPA, athletic ability, etc.) in the majority of cases. Some require the applicant to show a calculated financial need. Ask about scholarships in the college financial aid office.

Work-Study

Work-study: The student's school arranges part-time work that helps to pay for college expenses. A student usually receives a bi-weekly paycheck from the school to use toward various expenses. In most cases, this money does not need to be repaid.

Federal Work-Study / State Work-Study – limited funds awarded to undergraduate students who show a calculated financial need and who request employment awards on the FAFSA. The funds are earned through on-campus employment. The FAFSA must be filed first to consider this option.

Loans

The bulk of financial aid falls in this category. This is money that makes up the difference between the cost of the education and any other financial aid (grants, scholarships, work-study) that the student receives. Loans do have to be paid back. In order to qualify for any student loan, a student must complete the FAFSA at www.fafsa.ed.gov. The processing time of the FAFSA is a few weeks (quicker if you apply online). The result is a Student Aid Report (SAR). This sheet summarizes your Expected Family Contribution (EFC). Some schools also require that students complete the CSS at www.collegeboard.org.

FAFSA (Free Application for Federal Student Aid) and CSS Profile

The *FAFSA* and *CSS Profile* are two different instruments used by colleges and universities to help them determine financial aid. All schools require completion of the *FAFSA* in order for the student to be considered for financial aid; some schools require the completion of the *CSS* in addition to the completion of the *FAFSA* for the student to be considered for financial aid.

The *FAFSA* is used in determining distribution of federal loans, grants, and work-study programs. Although both you and the student may apply for your PIN numbers now, **do not complete the form before January 1st**; in fact, it is best to complete it simultaneously with your income tax forms because the information on the *FAFSA* is based on the previous fiscal year. Once you complete the form, send it in the preprinted envelope to the clearinghouse in Illinois. After receiving the form, the clearinghouse returns to you a summary, which you edit for accuracy. If you have specific questions about completing it, or if you prefer to apply online, there are both a Web site at www.fafsa.ed.gov and a phone number, 1-800-4FED-AID for you to use. One final hint: Make copies of the form and all income tax statements and keep them for subsequent years. Also note: Often the school will ask for the income tax form for verification.

The *CSS/Financial Aid Profile*, under the auspices of the College Scholarship Service committee of The College Board, is an instrument utilized by many private schools in their determination of financial aid. You will find a listing of these schools in the registration pamphlet. Once you register, *CSS* sends to you the actual form, which cannot be completed until you have gathered all your tax information. You may complete the hard copy, or you may complete it online at www.collegeboard.org. There are phone numbers on the front of the form if you have questions.

FAFSA (Free Application for Student Aid) (800) 433-3243 www.fafsa.ed.gov

CSS Profile (800) 778-6888 www.collegeboard.org

What You Need to Complete Your FAFSA

- Student's Social Security number
- Student's driver's license number
- Parents' Social Security number(s)
- Parents' W-2 forms
- Parents' federal income tax return
- Parents' current bank statements and records of stocks, bonds, and other investments
- Parents' records of other untaxed income received, such as Social Security or veteran's benefits
- Parents' business or farm records, if applicable
- Alien registration number, if you are not a U.S. citizen

Use income records for the calendar year prior to the academic year for which you are applying for financial aid. For example: use your 2007 income information to complete the 2008-2009 FAFSA.

Steps for Completing the FAFSA

- Get a PIN in January of your Senior year. To sign your FAFSA electronically, both the parent and student need U.S. Department of Education PIN numbers. Apply at www.pin.ed.gov. At the PIN site, the PIN applicant (the student or parent) provides their name, date of birth and Social Security number. The site gives the applicant the choice of creating his or her own PIN or having the site generate one. If the applicant chooses to have the site generate the PIN, he or she is then given the option of viewing the PIN immediately on the screen, having it immediately emailed, or having it sent through the postal system. The PIN email contains a link to a web page that displays the PIN. The email link will be active for only 14 days. Check your Junk or Spam mailbox during this time for the PIN email. The applicant can link to this page only one time and therefore should make a note of the PIN for future reference. If no email address is provided, or if the link to the online PIN is not accessed within 14 days, a paper PIN mailer will be sent to the student and/or parent; the mailer should arrive within seven to 10 days. Your FAFSA will be processed faster if you sign using your PIN. You can use your PIN again next year. Your PIN (and your parent's PIN) will not expire at the end of the school year, and you can continue to use it in the future to renew your FAFSA while in college, sign loan contracts, etc. If your parent has more than one child in college, that parent can use the same PIN to sign FAFSAs for every child.
- Gather all the financial information listed on the previous page.
- Go to www.fafsa.ed.gov after January 1st of your Senior year. Print the pre-application worksheet to view what is in the online application.
- Enter the requested information online. Save your FAFSA as you work on it. Students do not have to complete the FAFSA in one sitting. At the beginning of the process, the student is asked to supply a password. If the student is interrupted or needs to leave the application before completing it, or if the site automatically logs the student off due to 30 minutes of inactivity, the information will be saved and will remain available via the password for 45 days. The student MUST REMEMBER THE PASSWORD. If the student forgets the password, they may call the Federal Student Aid Information Center at 800-433-3243 to get a new password.
- Sign your application. If you have a PIN, you may sign it electronically.
- Submit the application electronically.
- Approximately two weeks after you submit your form, you will receive a Student Aid Report (SAR) Information Acknowledgment in the mail.
- Review all of your answers on your SAR, make any corrections, and submit corrected form.
- Go to www.fafsa.ed.gov after submitting your FAFSA to check on the status of your application.
