Field Trip Transportation Policy

All students participating in school events will ride in vehicles designated by the school. The number of passengers in a single vehicle (other than the school bus) is not to exceed the number of seat belts in the vehicle. The driver of the vehicle is responsible for requiring each student in the vehicle to have his/her seat belt securely fastened.

All students will return to the specified area (school or meeting place) after the event in the same designated vehicle unless the parent of the student has made prior contact in writing with the coach, sponsor or teacher in charge.

If more than one vehicle is used, the drivers are expected to travel in a caravan. Parent's authorization for medical treatment must be present in the vehicle in which the student is a passenger. Students will only be allowed to leave campus for a field trip if they have turned in a signed Parent Approval for Field Trip form.

All drivers for school functions must be at least 25 years of age and hold a valid Texas driver's license, appropriate for the vehicle being driven.

The driver of every vehicle is responsible for having in their vehicle all the permission slips for the students in his/her vehicle. The driver of at least one vehicle is responsible for having a first-aid kit in the car.

Younger or older siblings of drivers or students are not allowed on school field trips.
